

ADD FIFTY TRUCKS TO MOVE FREIGHT; PICKETS USE BOATS

Committee Strives to Break
Yesterday's Record, When
253 Tons Were Handled.

The Citizens' Transportation Committee had more than fifty trucks at work today trying to break yesterday's record in the removal of freight from the congested coastwise steamship piers. If the record is to be broken more than 253 tons will have to be handled.

Col. Frederick J. Mottler, directing the trucks, reported that between 500 and 600 tons had been handled in the first week of operation. The committee meets this afternoon, at which reports will be made on the work done and plans will be made.

The Law Committee, headed by Walter Gordon Merritt, will also report, and it is possible that plans will be announced for legal action against firms and labor unions accused of discriminating against goods handled by the committee's trucks.

Twelve lighters are helping in the work. Striking longshoremen carried out their threat to establish "water pickets," using boats along the water front. A police launch was detailed to watch the pickets and protect the lighters if necessary. No trouble was reported on land or water.

John Riley, head of the longshoremen's district council, received word from the committee at Washington that "progress is being made" in the efforts to induce the Interstate Commerce Commission to come to the rescue of the situation. Hitherto the Commission has been asked merely to grant higher freight rates to the coastwise companies to make possible an increase of wages. It is now announced that the Commission has been urged to take up the wage question directly.

There was additional evidence today of bitter feeling between the minor and major officials of the longshoremen's organization. The minor officials, it is said, have been ignoring their instructions to stop talking for publication, and they have been talking against the purposes of President T. V. O'Connor, who wants to settle the strike. He is expected back from Montreal soon.

"Duce Sam," the insurgent publication managed by Paul Vaccarelli, appeared today with thinly veiled attacks on O'Connor and Gov. Smith, suggesting that O'Connor enjoys the favor of the steamship companies and that Gov. Smith is interested in getting increased freight rates for the companies.

The American Flying Club offered its services to the Transportation Committee today, suggesting that airplanes could be used "in handling food and in policing." Col. Mottler did not venture an impromptu opinion as to whether airplanes could be used to advantage, but the offer will be considered.

**FOUR UNION MEN
FINED AND REBUKED**
Forced Their Way Into Furrier's Place to Investigate Labor Conditions.

Four union men, convicted of forcing their way into the establishment of Samuel Fisher, furrier, No. 26 West 46th Street, yesterday afternoon, were fined \$10 each and severely rebuked by Magistrate Tobias in Yorkville Court today.

After listening to Jan Fisher, daughter of the complainant, Magistrate Tobias said: "These men deliberately forced their way, saying they wished to investigate union conditions. When she threatened to call the police she was told to 'go ahead and call the cops—'"

**Your thirsty throat
Says Lipton's**

Give it a real treat with
delicious iced tea and
make it the best way
possible. That means
with Lipton's.

**LIPTON'S
ICED TEA**

The union is stronger than the police. "It is high time such men learn the union is not above law and order. America will not long tolerate such outrageous methods."

The prisoners, who said they represented the International Furriers' Union, Local No. 5, gave their names as: John Farman, No. 123 St. Marks Place, Manhattan; Charles De Siffon, No. 154 Grand Street, Brooklyn; Philip Markowitz, No. 466 Third Avenue, the Bronx; and Moe Hrazin, No. 134 Avenue C, All paid the fines.

BOY'S BODY RECOVERED.
Companion Missing With Him Also
Drowned, It Is Feared.

Police searching for Ashton Kelly of No. 38 Channel Avenue, Far Rockaway, and Eugene Geidy of St. Malachy's Home, Rockaway Park, two boys reported missing since Monday afternoon, today found the body of Kelly in the mud at the side of Norton's Creek, Edgemere, L. I. It is feared that Geidy may have been drowned also.

George J. Lattelle, twenty years old, living with his mother at Lettett Avenue and Queens Boulevard, Jamaica, was drowned in Poor Devil's Pond, Hoffman Park, while swimming yesterday afternoon. His brother, Nicholas, heard him cry out and saw him lose his hands above his head. Nicholas swam to his brother's assistance, but George was dead when dragged to the bank. He is believed to have suffered from cramps.

Brooklyn Contractor Dies Suddenly.
Matthew Gavin, fifty-three years

old, a contractor living at No. 465 Fourth Street, Brooklyn, died suddenly early today. He was taken from a Church Avenue trolley car at Coney Island Avenue and died before he could be taken to a hospital. It was said that he had been suffering from high blood pressure for some time, and that it brought on a stroke of apoplexy.
